Hi Steve,

Lynda, as is her prerogative, wants to go through the appropriate channels. I will send the data to her, she will send it to Tony and cc: AMEC.

Cheers,

ned

Hi Ned:

Thanks for getting back to me. Could we get the data you mentioned that was collected after 2013?

Steve

Hi Steve,

I did not collect sediments in June 2014, but I did sample sediments during the bioassessment efforts in September 2014, June 2015, September 2015 and June 2016. I collected water samples for all events listed above, including June 2014. I collected no samples and was not present at all during the September 2016 bioassessment effort.

Cheers,

Ned

Hi Ned:

I was hoping you could let me know how many sediment sampling events you completed after September 2013 in the vicinity of Leviathan Mine.

We are in the process of preparing a report describing the sediment data.

Thanks

Steve
